

ACCESSORY COLLECTION

compel[®]

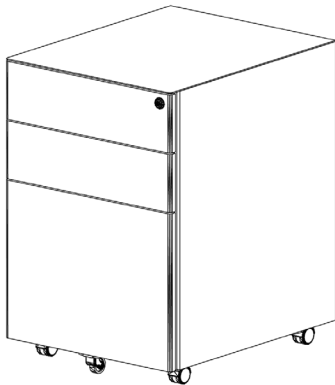

Accessory Collection

Round out your office with Compel's extensive line of accessories. Ergonomic solutions, wire management, and privacy are just part of what Compel can offer to help complete your office needs. Use Compel monitor arms and clamp on power on our HiLo table for a full height-adjustable solution.

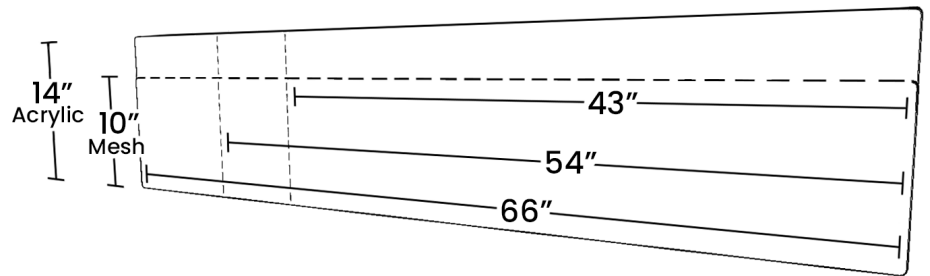

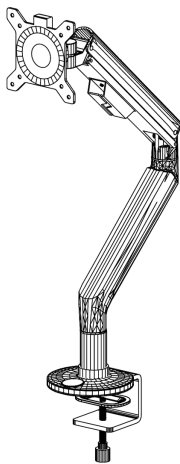

ACCESSORIES

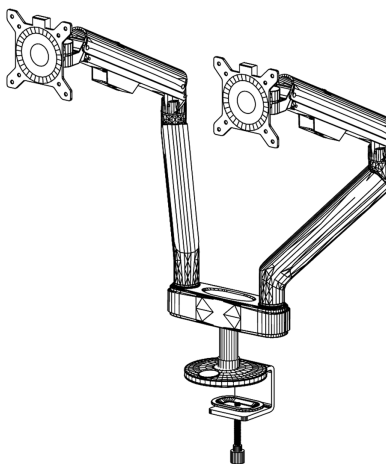

Mobile Ped

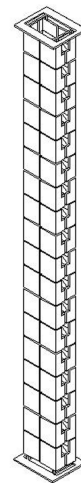

Modesty Panels

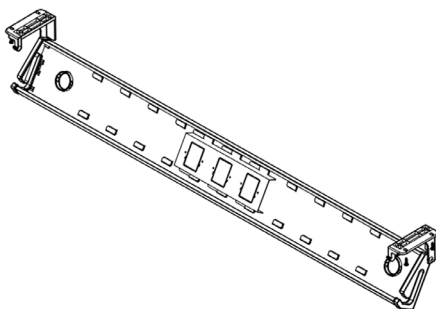

Single Monitor Arm

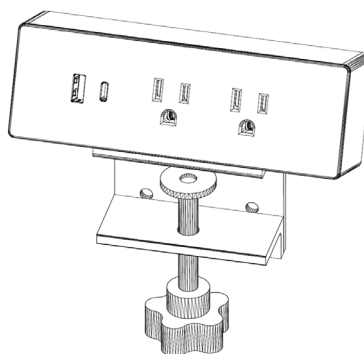

Dual Monitor Arms

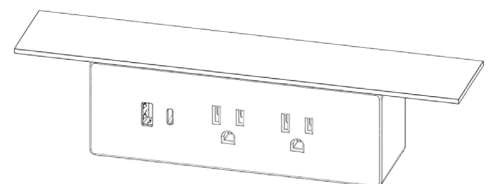

Vertebrae

Flip Down Cable Trough

Clamp-on Power

Undermount Power

Mobile Ped

The Compel Mobile Ped in BBF format and three crowd-pleasing colors. Subtle curved edges and integrated finger pulls give our new ped a sleek look that complements our Pivit Open Frame Desking and Benching and our HiLo Table and Benching collection.

Modesty Panels

No need to be embarrassed when you're positioned behind a stylish modesty panel. Whether you want a mesh solution that offers built-in wire management or an acrylic solution for a classic look, Compel can provide you with the modesty you deserve.

Black Mesh

Frosted Acrylic

Monitor Arms

Compel monitor arms allow the user to position their screen at the perfect height and distance. The articulating arms support a wide range of flat-panel screens and gas cylinder action allows for easy adjustments and an enhanced ergonomic workspace. Single option also available.

Flip Down Cable Trough & Vertebrae

Wire management made neat and tidy with Compel's flip down cable trough and vertebrae. Both easy-to-use accessories neatly house all of those messy cables under the surface where they won't be seen.

Clamp-on & Undermount Power

Compel gives you the power to choose your power with the Clamp-on and Undermount Power Modules. Easily recharge up to four devices with these easy-access units available in both white and black.
