

Zoey Collection

There's always been a lot to love about Zoey - clean lines, simple style, unbeatable price point - but now there's even more. First, meet the Zoey sofa. Same great style of the Zoey ottoman, club chair, and loveseat but with room for more. Second, the entire 4-piece collection is now available in both Dove (the soft grey you love) and Raven, a rich, smooth black. Both Dove and Raven look and feel like leather but are crafted of high-quality vinyl and feature the easy-to-clean attributes you want in populated spaces.
